

| Names | Estimated Results | Actual Results |
|-----------------------------|--|---|
| Browser (chrome) | It should go straight on to the website that I have uploaded | Yes, it works as it goes straight on to the website, I have uploaded it to. |
| Browser (internet explorer) | It should go straight on to the website that I have uploaded | Yes, it works as it goes straight on to the website, I have uploaded it to. |
| carousel | It should sway from side to the left to show other images and information that is on the website | No, it doesn't work because the arrows at the side doesn't work to move the images only the tabs so I will have a look at those in my feedback. |
| Links to other pages | It should link up to the other pages in the website and go straight to the page | Yes it does link up to the other pages in the website and go straight to the page. |
